Dear Friends,

Please observe a moment of silence in the memory of all those human beings who were slaughtered by the bloody sword of Islam, ever since Muhammad Bin Qasim landed in Sindh in 728 AD. Hindu Kush mountains in the Gandhar province of the once Hindu bhumi represents the epitomal landmark of the slaughter of the Hindus.

Aug. 14th is significant, since this day in the year 1947, represents the victory of the same bloody Sword of Islam, after it was routed earlier by the Hindu heroes. On this day, we Hindus gave a large chunk of our land, our Matrubhoomi, our Pitrubhumi, our Punyabhoomi, away to the rapine of the Islamist; in return for the blood of fellow hindus, and dishonor for our sisters and mothers. We were told by our supine leaders at that time that once we cut the bosom of our divine mother, Bharat Mata, and give it away to the Islamist hoodlum, his lust would be satiated.

Alas, how wrong were these so called leaders!

The same loot, rape, and murder goes on. In Kashmir, in Bangladesh, and elsewhere. Hindus have yet to devise a way to contain the bloody sword of islam.

On this day, let's resolve to work hard to wipe off the tears of our Mother Bharat.....

Vande Mataram
